

**ROLE:** QA and Integration Tester

**TERM:** Full Time, Permanent

**LOCATION:** Petah Tikva, Israel

**SOLATO is looking for a QA and Integration Tester to join our R&D team and make a large impact on our growing product.**

**We are not a traditional gelato brand!**

**SOLATO delivers the perfect balance between high innovation and artisanship of gelato-making with a sensory experience at the heart of it all.**

Our countertop appliance produces a single portion of gelato, sorbet or frozen yogurt fresh to order in less than a minute. The nature of our unique technology topped off (pun intended!) with the selection of premium ingredients offers an artisan quality gelato that contains no preservatives or artificial flavours, and is better for the planet.

**SOLATO is redefining the experience of ice cream!**

#### Responsibilities:

- Be a part of a highly qualified and innovative R&D department, designing and manufacturing a state-of-the-art revolutionary high-end product with the finest quality
- Work closely with food technology, product, and other teams in the R&D
- Design and execute test plans for feature requirements
- Log defects and track defects status
- Perform testing on sprints and major releases
- Create and publish reports

#### Qualifications:

- At least 3-5 years of experience with manual SW QA testing
- Experience with embedded systems
- Experience with HW QA testing, system and environmental – advantage
- Experience with automation – advantage
- Individual with strong work ethic and a passion for SW testing
- Fast learner, team player, multi-tasking capabilities
- Experience in Planning, methodology, and writing documentation (STP, STD, STR, etc)

**Send your application to [jobs@solato.com](mailto:jobs@solato.com).**

We appreciate all submissions, but please note that only suitable candidates will be contacted for an interview.
